Issued at **Høvik** on **2022-11-15**

DNV local station:
East & South Norway CMC

Approval Engineer:
Karolina Kusmider

Notified Body
No.: **0575**

for **DNV AS**

Digitally Signed By: Øyvind Hoff
Location: DNV Høvik, Norway
on behalf of

Sverre Olav Bergli
Head of Notified Body

A U.S. Coast Guard approval number will be assigned to the equipment when the production module has been completed and will appear on the production module certificate (module D, E or F), as allowed by the "Agreement between the United States of America and the EEA EFTA states on the mutual recognition of Certificates of Conformity for Marine Equipment" signed 17 October 2005, and amended by Decision No 1/2019 dated February 22nd, 2019.

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU.
This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV AS of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled.
Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

”GLAVA LYDFELLEPLATE 2000”
Non-homogenous product composed of glass wool with glass fibre veil on one side. The glass fibre cloth is applied to the glass wool by means of an adhesive.

Glass wool characteristics:
Nominal density (approx): 35 kg/m^3
Nominal organic content (approx.): 7.5%

Glass fibre veil characteristics:
Nominal thickness: 0.150 mm
Nominal area weight (approx.): 125 g/m^2
Nominal organic content (approx): 5.3 %

Weight of adhesive per unit area: 25 g/m^2

Application/Limitation

Approved for use as non-combustible material.

The product may be used as an integrated part of approved fire resisting divisions only when tested as such.

Surface layers shall have low flame spread characteristics and not be capable of generating excessive quantities of smoke and toxic products in fire, according to IMO 2010 FTP Code Parts 2 and 5, where required by applicable regulations.

Any adhesive used, other than the one used during testing, has to be tested for low flame spread characteristics according to IMO 2010 FTP Code Part 5 and to be approved according to the Marine Equipment Directive and bear the Mark of Conformity.

Each product is to be supplied with its manual for installation, use and maintenance.

Type Examination documentation

Test report No. O100611-1130888-1 Rev. 1 dated 22 August 2022 by RISE Research Institutes of Sweden AB, Borås, Sweden.

Tests carried out

Tested according to IMO 2010 FTP Code Part 1.

Marking of product

The product or packing is to be marked with name and address of manufacturer, type designation, MED Mark of Conformity and USCG approval number if applicable (see first page).
