

Product No: DP-101A

PANASONIC DUAL DISPLAY DIGITAL PRESSURE SENSOR DP-101A

General Information

Applicable Fluid	Non-corrosive gas
Brand	PANASONIC
Product Type	Safety Sensor
Series	DP-100
Suitable For	For low pressure
Type	Multi-function

Technical Attributes

Pressure Port	M5 female + R 1/8 male thread
Rated Pressure Range (kPa)	-100 to +100
Type of Pressure	Gauge pressure
Display Screen Type	LCD
Operating State/Fault Indication	Operation - Orange LED
Outputs	NPN open-collector transistor
Power Consumption (W)	0.72 (Normal operation)
Rated Supply Voltage DC (V)	12 - 24

Physical Attributes

Ambient Temperature Range (°C)	-10 to +50
Material	Body-PBT, Pressure ports-SS (SUS303), LCD display-Acrylic

Dimensions

Weight (kg)	0.04
-------------	------

Protection & Standards

Degree of Protection	IP40
