

Product No: CX-444-P

PANASONIC COMPACT PHOTOELECTRIC SENSOR, PNP CX-444-P

General Information

Brand	PANASONIC
Product Type	Safety Sensor
Series	CX-400
Type	Standard, Adjustable range reflective

Technical Attributes

Emitting Element	Red LED
Long Sensing Range	Yes
Current Consumption (mA)	20 or less
Operating State/Fault Indication	Operation - Orange LED, Stability-Green LED
Output Operation	Switchable Detection-ON or Detection-OFF
Outputs	PNP open-collector transistor
Rated Supply Voltage DC (V)	12 - 24
Sensing Range (mm)	15 to 100, 20 to 100 (Adj.)
Spot Diameter (mm)	9

Physical Attributes

Ambient Temperature Range (°C)	-25 to +55
Material	Body-PBT, Lens-Acrylic

Protection & Standards

Degree of Protection	IP67
----------------------	------
