

## Product No: UZO24.121

### PULS BATTERY MODULE WITHOUT BATTERY UZO24.121

#### FEATURES

- 24V, 12Ah Battery capacity (2x 12V batteries in series)
- Small mounting footprint
- 2m power leads included
- Includes a PT1000 temperature sensor
- Includes an auto-resettable fuse for the center-tap connection
- 3 year warranty, except for batteries, which are considered a service part

#### General Information

Brand	PULS
Country of Origin	Czech Republic
Customs Tariff Number	85044083
E Classification	E-CS05
Product Type	Accessory
Range	DIMENSION
Series	U series
Warranty Period (Months)	36

#### Technical Attributes

Efficiency	%
Output Voltage (V)	24
Special Application	Hazardous location
Use In Crosslinking	Yes

#### Physical Attributes

Conformal Coating	No
-------------------	----

#### Dimensions

Dimensions (mm)	203W x 186H x 124D
Weight (g)	800

## Protection & Standards

Degree of Protection	IP20
Standards and Approvals	ATEX EN 60079, Class I Div. 2 Canada - CSA, Class I Div. 2 USA - CSA, EU Declaration of Conformity, IECEx IEC 60079, IEC 61010-2-201 CB Scheme, UL 61010-2-201 Canada, UL 61010-2-201 USA
