

**Product No: CX-481-P****PANASONIC COMPACT PHOTOELECTRIC SENSOR, PNP CX-481-P****General Information**

Brand	PANASONIC
Product Type	Safety Sensor
Series	CX-400
Type	Standard, Retroreflective

**Technical Attributes**

Emitting Element	Infrared LED
Output Operation	Switchable Light-ON/ Dark-ON
Current Consumption (mA)	10 or less
Operating State/Fault Indication	Operation - Orange LED, Stability and Power-Green LED
Outputs	PNP open-collector transistor
Rated Supply Voltage DC (V)	12 - 24
Sensing Range (mm)	50 to 500
Standard Sensing Object	ø50 mm or more transparent, translucent or opaque object

**Physical Attributes**

Ambient Temperature Range (°C)	-25 to +55
Material	Body-PBT, Lens-Acrylic

**Dimensions**

Weight (kg)	0.05
-------------	------

## Protection & Standards

Degree of Protection

IP67
