

Product No:REV22T114N

ABB REVERSING STARTER 22kW 415V AC, 250-500V AC/DC CONTROL W/O OVERLOAD IP65 REV22T114N

FEATURES

- Dual AF contactors for motor reversing
- Handles up to 22kW power
- Wide 250-500V AC/DC control supply
- IP65 rated for dust and water protection
- Includes mechanical and electrical interlocks for safety

General Information

Brand	ABB
Product Type	Reversing Starter

Technical Attributes

Rated Control Circuit Voltage AC (V)	250 - 500
Rated Operational Power AC-3 400V (kW)	22

Protection & Standards

Degree of Protection	IP65
