

Product No: PM2-LH10**PANASONIC REFLECTIVE MICRO PHOTOELECTRIC SENSOR, NPN
PM2-LH10****General Information**

Brand	PANASONIC
Product Type	Safety Sensor
Series	PM
Type	Connector type, Top sensing

Technical Attributes

Current Consumption (mA)	Average-25 mA or less, Peak- 80 mA or less
Operating State/Fault Indication	Operation - Red LED
Outputs	NPN open-collector transistor
Rated Supply Voltage DC (V)	5 - 24
Sensing Range (mm)	ø0.05 mm copper wire

Physical Attributes

Ambient Temperature Range (°C)	-10 to +55
Material	Body-Polycarbonate, Terminal part-Copper alloy

Dimensions

Weight (kg)	0.0045
-------------	--------

Protection & Standards

Pollution Degree	3
------------------	---
