

Product No: CX-411-P-Z

PANASONIC COMPACT PHOTOELECTRIC SENSOR, PNP CX-411-P-Z

General Information

Brand	PANASONIC
Product Type	Safety Sensor
Series	CX-400
Type	Standard, Thru-beam

Technical Attributes

Emitting Element	Red LED
Output Operation	Switchable Light-ON/ Dark-ON
Current Consumption (mA)	Emitter-15 mA or less, Receiver-10 mA or less
Operating State/Fault Indication	Operation - Orange LED, Stability and Power-Green LED
Outputs	PNP open-collector transistor
Rated Supply Voltage DC (V)	12 - 24
Sensing Range (mm)	1000
Standard Sensing Object	ø12 mm or more opaque object

Physical Attributes

Ambient Temperature Range (°C)	-25 to +55
Material	Body-PBT, Lens-Acrylic

Dimensions

Cable Length (m)	2
------------------	---

Protection & Standards

Degree of Protection

IP67
