

## Product No: 103004641

### SCHMERSAL RSS260-I2-ST-AS SAFETY SENSOR 103004641

#### FEATURES

- Safety sensor with thermoplastic enclosure
- Features diagnostic output for system monitoring
- Equipped with short circuit detection and recognition
- Supports series-wiring for multiple sensors
- Offers safety functions suitable for machine safety applications
- Cascadable design allows for expansion of the safety system
- Integral System Diagnostics provide comprehensive system checks
- Includes 2 LEDs for status indication
- Comes with 1 semiconductor output and 2 fail-safe digital outputs

#### General Information

Brand	SCHMERSAL
Series	RSS260

#### Physical Attributes

Maximum Temperature (°C)	70
Minimum Temperature (°C)	-25

#### Protection & Standards

Degree of Protection	IP67
----------------------	------
