

HIRSCHMANN MANAGED INDUSTRIAL ETHERNET SWITCH 942 170-999-014

942 170-999-014

FEATURES

- Ensure network protection through advanced security features
- Future proof with increased bandwidth and speed capabilities
- Support multiple services on one network through TSN technology
- Increase performance with power over Ethernet (PoE/PoE+)

GENERAL INFORMATION

Brand	HIRSCHMANN
Product Type	Managed
Reference No.	BRS30-08040000-ETCZ99HHSEA
Series	BOBCAT

TECHNICAL ATTRIBUTES

No. of Ports	8 x 10/100BASE TX RJ45, 4 x 100/1000 Fiber
--------------	--

PHYSICAL ATTRIBUTES

Mounting Type	DIN Rail
Operational Temperature Range (°C)	0 to +60

PROTECTION & STANDARDS

Degree of Protection	IP30
Standards and Approvals	CE, FCC, EN61131
