

## Product No: CN-MF-90-3

### NOVARIS COAXIAL SURGE PROTECTOR UP TO 3GHZ CN-MF-90-3

#### FEATURES

- - RF equipment protection up to 3GHz
- - Replaceable GDT
- - Low VSWR (<1.1:1)
- - Achieve a long working life

#### General Information

Brand	NOVARIS
Product Type	Signal Line Protector

#### Technical Attributes

Connector Type	N-Type
Maximum Discharge Current (8/20 $\mu$ s) - I <sub>max</sub> (kA)	20
Maximum Working Frequency (GHz)	3
Sparkover Voltage DC (V)	90
Voltage Protection at 5kV (10/700 $\mu$ s) - U <sub>p</sub> (kV)	<0.65

#### Physical Attributes

Connector Orientation	M/F
Mounting Type	Inline/Bulkhead
Operational Temperature Range (°C)	-40 to 85

#### Dimensions

Dimensions (mm)	25W x 25H x 60L
Weight (g)	135

#### Protection & Standards

Standards and Approvals	IEC 61643-21, UL497B, ITU-T K.44, AS/NZS 1768, IEE C62.41
-------------------------	---
