

Product No: 101128798

SCHMERSAL AES1112.1 (110VAC) SAFETY-MONITORING MODULE 101128798

FEATURES

- Safety-monitoring module with STOP 0 function
- Wire breakage detection capability
- Features automatic reset function
- Resets after disconnection of supply voltage
- Equipped with integral system diagnostics
- Includes 1 LED for status indication
- Provides 4 openers and 2 shutters for safety interfacing
- Contains 1 safety contact
- Thermal test current rated at 4 A

General Information

Brand	SCHMERSAL
Series	AES

Technical Attributes

Nominal Power (W)	2.4
Rated Maximum Operational Voltage DC (V)	24

Physical Attributes

Maximum Temperature (°C)	60
Minimum Temperature (°C)	-25

Protection & Standards

Degree of Protection	IP20
