

Product No: EX-32A-PN**PANASONIC THREADED MINIATURE PHOTOELECTRIC SENSOR
EX-32A-PN****General Information**

Brand	PANASONIC
Product Type	Safety Sensor

Technical Attributes

Emitting Element	Red LED (modulated)
Output Operation	Light-ON
Current Consumption (mA)	35 or less
Operating State/Fault Indication	Operation - Orange LED
Outputs	PNP open-collector transistor
Rated Supply Voltage DC (V)	12 - 24
Sensing Range (mm)	50
Standard Sensing Object	Opaque, translucent or transparent object

Physical Attributes

Ambient Temperature Range (°C)	-25 to +55
Material	Body-Die-cast zinc , Lens-Acrylic

Dimensions

Cable Length (m)	2
Weight (kg)	0.02

Protection & Standards

Degree of Protection	IP67
----------------------	------

Pollution Degree	3
------------------	---
