

## Product No: PXU31D20

### RED LION PID CONTROLLER 1/16 DIN LINEAR MA OUT AC POWER RS-485 2ND RELAY OUTPUT PXU31D20

#### FEATURES

- PID Controller with 1/8 DIN size
- Universal input compatibility
- Main control output of 4-20 mA
- One user input available
- RS-485 serial communication interface
- Second relay output included
- Re-transmission output feature
- Operates on DC power, with a minimum rated operating voltage of 24VDC
- IP65 rating for dust and water resistance

#### General Information

Brand	RED LION
Series	PXU

#### Technical Attributes

No. of Digital Inputs	1
No. of IO	1
Rated Maximum Operational Voltage AC (V)	240
Rated Minimum Operational Voltage AC (V)	100

#### Physical Attributes

Maximum Temperature (°C)	50
Minimum Temperature (°C)	0
Mounting Type	DIN Rail

#### Dimensions

Display Screen Size (inch)	11/7
Weight (g)	150

#### Protection & Standards

Degree of Protection

IP65
