

## Product No: BXTML4BE60

### DEHN BLITZDUCTOR XT COMBINED LIGHTNING CURRENT AND SURGE ARRESTER MOD BXTML4BE60

#### FEATURES

- Space-saving combined lightning current and surge arrester module
- With LifeCheck feature for protecting four single lines sharing a common reference potential as well as unbalanced interfaces
- LifeCheck can detect thermal or electrical overload, the arrester has to be replaced
- This status is indicated contactlessly by the DEHNrecord LC / SCM / MCM reader

#### General Information

|               |                            |
|---------------|----------------------------|
| Brand         | DEHN                       |
| Product Type  | Surge Protection Device    |
| Reference No. | 920326                     |
| Suitable For  | Pluggable DIN Rail Mounted |

#### Technical Attributes

|  |                         |
|--|-------------------------|
| Earth Fault Protection   | DIN rail (top hat rail) |
| Lightning Impulse Current (10/350 $\mu$ s) - I <sub>imp</sub> (kA) | 10                      |
| Maximum Continuous Voltage AC (V)                                  | 49.5                    |
| Maximum Continuous Voltage DC (V)                                  | 70                      |
| Nominal Discharge Current (8/20 $\mu$ s) - I <sub>n</sub> (kA)     | 20                      |
| Nominal Load Current AC - I <sub>n</sub> (A)                       | 1                       |
| Nominal Voltage DC (V)   | 60                      |
| Voltage Protection Level - U <sub>p</sub> (kV)                     | 180                     |

#### Dimensions

|                 |                 |
|-----------------|-----------------|
| Dimensions (mm) | 12W x 45H x 51D |
| Weight (g)      | 24              |
| Weight (kg)     | 0.03            |
