

## Product No: 101128981

### SCHMERSAL AES1102 (24VDC) SAFETY-MONITORING MODULE 101128981

#### FEATURES

- Safety-monitoring module AES1112.3 (24VAC)
- STOP 0 functionality
- Wire breakage detection feature
- Automatic reset function
- Integral System Diagnostics for monitoring system status
- Equipped with 1 LED indicator
- Features 2 openers and 1 shutter for safety interlock control
- Includes 1 safety contact for secure operations

#### General Information

Brand	SCHMERSAL
Series	AES

#### Technical Attributes

Nominal Power (W)	2.4
Rated Maximum Operational Voltage DC (V)	24

#### Physical Attributes

Maximum Temperature (°C)	60
Minimum Temperature (°C)	-25

#### Protection & Standards

Degree of Protection	IP20
