

## Product No: 101207364

### SCHMERSAL SLG420-E/R0900-04-RFH SAFETY LIGHT GRID 101207364

#### FEATURES

- Safety light grid with restart interlock and beam coding
- Integral System Diagnostics for enhanced functionality
- Features 3 beams for reliable detection
- Equipped with 2 fail-safe digital outputs
- Connector terminal for easy installation
- Detection range and protection field height of 800 mm each
- Operates on a 24 VDC power supply
- Electrical power consumption is rated at 8 W
- Part of the SLG series by Schmersal brand

#### General Information

Brand	SCHMERSAL
Series	SLG

#### Technical Attributes

Nominal Power (W)	8
Rated Maximum Operational Voltage DC (V)	24

#### Physical Attributes

Maximum Temperature (°C)	50
Minimum Temperature (°C)	-25

#### Protection & Standards

Degree of Protection	IP67
