

## Product No: 101135487

### SCHMERSAL AZM415-33ZPDK 24VAC/DC SOLENOID INTERLOCK 101135487

#### FEATURES

- Safety sensor with thermoplastic enclosure
- Features coding and integral system diagnostics
- Integrated safety monitoring module
- Includes supplementary signalling output
- Equipped with 1 opener and 1 safety contact
- Comes with 4 cable wires and a magnet actuating element
- Terminal connector type: Cable with a length of 1 meter
- ISO thread of the sensor: M30
- Switching voltage rated at 250 VAC, current at 3 A, and switching capacity of 750 W

#### General Information

Brand	SCHMERSAL
Series	AZM415

#### Physical Attributes

Maximum Temperature (°C)	50
Minimum Temperature (°C)	-25

#### Protection & Standards

Degree of Protection	IP67
----------------------	------
