

Product No: KP10

NOVARIS TELEPHONE LINE PROTECTOR 20mHz KP10

FEATURES

- - Low let through
- - Easily replaceable
- - Plugged directly into the disconnect block

General Information

Brand	NOVARIS
Product Type	Network Protector

Technical Attributes

Connection Type	Series
Let-Through Voltage at 5kV 10/700µs (kV)	<0.15
No. of Circuits Protected	10
Stand Off Voltage (V)	200 (L-L, L-E)

Physical Attributes

Operational Temperature Range (°C)	-40 to 85
------------------------------------	-----------

Protection & Standards

Standards and Approvals	ITU (CCITT) IX K17, AS1768-1991, AS4117, IEC61643-21, UL497B
-------------------------	--
