

ABB FS401MC20 PLUGGABLE RCBO FOR SMISSLINE TP SYSTEM 10kA 2P 20A C CURVE TYPE A 30mA

FS401MC20

FEATURES

- Short-circuit breaking capacity of 10 kA (IEC/EN 61009) for all types
- Type A
- Expandable for future extension with direct pluggable solution
- Flexible and modular
- Pole configuration 2P

GENERAL INFORMATION

Brand	ABB
Product Type	RCBO
Series	FS400

TECHNICAL ATTRIBUTES

Application	Commercial and Industrial
Curve Type	C Curve
No. of Poles	1P+N
Power Loss (W)	3
Rated Current (A)	20
Rated Frequency (Hz)	50/60
Rated Insulation Voltage (V)	500
Rated Operational Voltage AC (V)	240
Rated Voltage AC (V)	240

PHYSICAL ATTRIBUTES

Housing Material	Insulation group I, light grey RAL 7035
------------------	-----------------------------------------

PROTECTION & STANDARDS

Degree of Protection	IP20
Pollution Degree	2
Standards and Approvals	IEC/EN 61009-1, IEC/EN 61009-2-1
