

Product No: DGS75

DEHN DEHNGUARD S SURGE ARRESTER 952071 DGS75

FEATURES

- Multi-purpose surge arrester consisting of a base element and a plug-in protection module.
- High discharge capacity due to heavy-duty zinc oxide varistor.
- High reliability due to "Thermo Dynamic Control" SPD monitoring device.

General Information

Brand	DEHN
Product Type	Surge Protection Device
Suitable For	Indoor installation only.

Technical Attributes

Nominal Discharge Current (8/20µs) - In (kA)	10
Nominal Voltage (V)	60 V (50 / 60 Hz)
Overcurrent Protection	Max. 125 A gG Main Side
Response Time (ns)	≤ 25
SPD Type	type 2 / class II
Voltage Protection Level - Up (kV)	≤ 0.4

Physical Attributes

Operational Temperature Range (°C)	-40 °C ... +80 °C
------------------------------------	-------------------

Dimensions

Cable Cross Section (mm²)	Min. 1.5 mm2 solid / flexible. Max. 35 mm2 stranded / 25 mm2 flexible
---------------------------	--
