

Product No: 103003940

SCHMERSAL SLC440COM-ER-0330-30 SAFETY LIGHT CURTAIN 103003940

FEATURES

- Safety light curtain with restart interlock and integral system diagnostics
- Number of beams: 144
- Number of fail-safe digital outputs: 2
- Terminal connector type: Connector
- Detection ability: 14 mm
- Height of the protection field: 1450 mm
- Operating voltage: 24 VDC
- Electrical power consumption: 10 W

General Information

Brand	SCHMERSAL
Series	SLC

Technical Attributes

Nominal Power (W)	10
Rated Maximum Operational Voltage DC (V)	24

Physical Attributes

Maximum Temperature (°C)	50
Minimum Temperature (°C)	-10

Protection & Standards

Degree of Protection	IP67
