

## Product No:LE00878

### ABB IP44-55-65; RECT ANGULAR; IP44-IP55-IP65 JUNCTION BOXES IN THERMOPLASTIC MATERIAL LE00878

#### FEATURES

- Thermoplastic junction box
- Surface mounting
- Untreated surface finishing
- Light grey (RAL7035) in colour
- IP65 degree of protection

#### General Information

|              |                         |
|--------------|-------------------------|
| Brand        | ABB                     |
| Halogen Free | Yes                     |
| Product Type | Thermoplastic Enclosure |
| Weatherproof | Yes                     |

#### Technical Attributes

|                              |           |
|------------------------------|-----------|
| Cover Attachment             | Screwed   |
| Rated Insulation Voltage (V) | 1500      |
| Surface Protection           | Untreated |

#### Physical Attributes

|                                    |                |
|------------------------------------|----------------|
| Colour                             | Grey           |
| Cover Colour                       | Transparent    |
| Door Type                          | Clear Door     |
| Lid Screw Type                     | ¼ turn plastic |
| Material                           | Plastic        |
| Minimum Ambient Temperature (°C)   | -25            |
| Operational Temperature Range (°C) | -25 to +75     |
| Sealable                           | Yes            |
| Shape                              | Rectangular    |

## Dimensions

|                 |             |
|-----------------|-------------|
| Dimensions (mm) | 310W x 110D |
|-----------------|-------------|

|             |     |
|-------------|-----|
| Length (mm) | 110 |
|-------------|-----|

## Protection & Standards

|                      |      |
|----------------------|------|
| Degree of Protection | IP65 |
|----------------------|------|
