

Product No: ISDA067421R1

ABB XTIN 160 TMD 50-500 4P F F ISDA067421R1

FEATURES

- Fixed Four Pole
- Front Terminals
- Thermo-magnetic release
- ABB EcoSolutions

General Information

Brand	ABB
Product Type	MCCB

Technical Attributes

Design of Control Element	Toggle
Breaking Capacity 415V AC - I _{cu} (kA)	36
Magnetic - I ₃ (A)	500
Main Circuit Electrical Connection	Bolt Connection
Main Current Circuit Connection Position	Front Side
No. of Poles	4
Power Loss (W)	3.7
Rated Current (A)	50
Rated Instantaneous Short-Circuit Current - I _i (A)	500
Rated Uninterrupted Current - I _u (A)	160
Rated Voltage (V)	690
Thermal (0.7 to 1 x I _n) - I _t (A)	35 - 50
Trip Unit	TMD

Dimensions

Size of Frame	XT1
---------------	-----

Protection & Standards

Degree of Protection	IP20
----------------------	------
