

Product No: CUB5COM2

RED LION PLUG-IN RS232 COMMUNICATIONS CARD CUB5COM2

FEATURES

- RS-485 Serial Communication Card for CUB5
- Enclosure meets NEMA 4/IP65 standards
- Display Type: 4" (101 mm) Red LED
- Power Requirements for MPAX Modules: 85 to 250 VAC, 50/60 Hz, 18 VA
- Power Requirements for EPAX Display: 85 to 250 VAC, 50/60 Hz, 10 VA
- Nominal Power: 18 VA
- Operating AC Voltage Range: 85 to 250 VAC

General Information

Brand	RED LION
Product Type	Accessory
Series	EPAX
Suitable For	CUB5 Units

Technical Attributes

Communication	RS-232
---------------	--------

Physical Attributes

Maximum Temperature (°C)	65
Minimum Temperature (°C)	0
Operational Temperature Range (°C)	-35 to +75

Protection & Standards

Degree of Protection	IP20
----------------------	------
