

Product No: CX-421-P

PANASONIC COMPACT DIFFUSE REFLECTIVE PHOTO ELECTRIC SENSOR CX-421-P

General Information

Brand	PANASONIC
Product Type	Safety Sensor
Series	CX-400
Type	Standard, Diffuse reflective

Technical Attributes

Emitting Element	Infrared LED
Long Sensing Range	Yes
Current Consumption (mA)	13 or less
Operating State/Fault Indication	Operation - Orange LED, Stability and Power-Green LED
Output Operation	Switchable Light-ON/ Dark-ON
Outputs	PNP open-collector transistor
Rated Supply Voltage DC (V)	12 - 24
Sensing Range (mm)	300
Standard Sensing Object	Opaque, translucent or transparent object

Physical Attributes

Ambient Temperature Range (°C)	-25 to +55
Material	Body-PBT, Lens-Acrylic

Dimensions

Cable Length (m)	2
------------------	---

Protection & Standards

Degree of Protection	IP67
----------------------	------
