

## Product No: CBL0MR03

### RED LION CABLE – CONNECTS TO OMRON C –SERIES RS422 CBL0MR03

#### FEATURES

- PID Controller compatible with OMRON systems
- Connects via RS-232 interface
- Available in 1/16 DIN size
- Power connection options include DC 24 VDC
- Main control output of 4-20 mA
- Features one user input
- Equipped with RS-485 serial communication capabilities
- Excitation current for RTD at 180 mA

#### General Information

Brand	RED LION
Series	PXU

#### Technical Attributes

Nominal Power (W)	5
Rated Minimum Operational Voltage DC (V)	24

#### Physical Attributes

Maximum Temperature (°C)	50
Minimum Temperature (°C)	0

#### Protection & Standards

Degree of Protection	IP65
