

**Product No: LE00821****ABB IP44-55-65; RECT ANGULAR; IP44-IP55-IP65 JUNCTION BOXES IN THERMOPLASTIC MATERIAL LE00821****General Information**

|              |                         |
|--------------|-------------------------|
| Brand        | ABB                     |
| Halogen Free | No                      |
| Product Type | Thermoplastic Enclosure |
| Weatherproof | Yes                     |

**Technical Attributes**

|                              |           |
|------------------------------|-----------|
| Cover Attachment             | Screwed   |
| No. of Inlets                | 6         |
| Rated Insulation Voltage (V) | 1500      |
| Surface Protection           | Untreated |

**Physical Attributes**

|                                  |             |
|----------------------------------|-------------|
| Colour                           | Grey        |
| Cover Style                      | Blind Cover |
| Material                         | Plastic     |
| Minimum Ambient Temperature (°C) | -25         |
| Mounting Type                    | Wall Mount  |
| Sealable                         | Yes         |
| Shape                            | Rectangular |

**Dimensions**

|               |    |
|---------------|----|
| Diameter (mm) | 25 |
|---------------|----|

|                 |            |
|-----------------|------------|
| Dimensions (mm) | 100W x 80D |
| Length (mm)     | 80         |
| Weight (kg)     | 0.287      |

### Protection & Standards

|                      |      |
|----------------------|------|
| Degree of Protection | IP55 |
|----------------------|------|
