

Product No: XLP1-6M10

ABB XLP1-6M10 FUSE SWITCH DISCONNECTOR XLP1-6M10

FEATURES

- Quick-make operation device
- Voltage measuring from the front
- Tested according to the EN60947-3 standard
- Sturdy, uniform design that is operator friendly
- IP30 in closed position and IP20 in open position from the front
- Easy to install

General Information	
Brand	ABB
Product Type	Fuse Disconnector
Suitable For	NH1
Туре	Main Switch

Technical Attributes	
Main Circuit Electrical Connection	Bolt Connection
Maximum Operational Voltage AC (V)	800
No. of Poles	3
Position of Control Element	Front Side
Rated Conditional Short-Circuit Current - Inc (kA)	50
Rated Current (A)	250
Rated Uninterrupted Current - Iu (A)	200
Rated Voltage AC (V)	500 - 800
Terminal Type	Bolt

Physical Attributes	
Mounting Type	Busbar Mount

Protection & Standards	
Degree of Protection	IP30
