

istruzioni per una corretta installazione del copriwater GLOMP

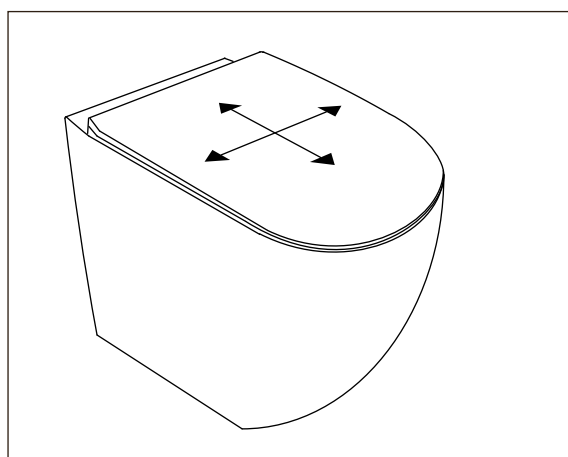

GLOMP seat cover installation

- 1 Nell' inserire il fissaggio fare attenzione a svitare tutto il dado fino all'estremità della barra filettata e assicurarsi che la rondella si posizioni in orizzontale oltre il foro all'interno del vaso.
- 1 Inserting the fastener, be careful to unscrew the whole nut, up to the end of the threaded rod. Make sure the washer is positioned horizontally beyond the hole, inside the wc.

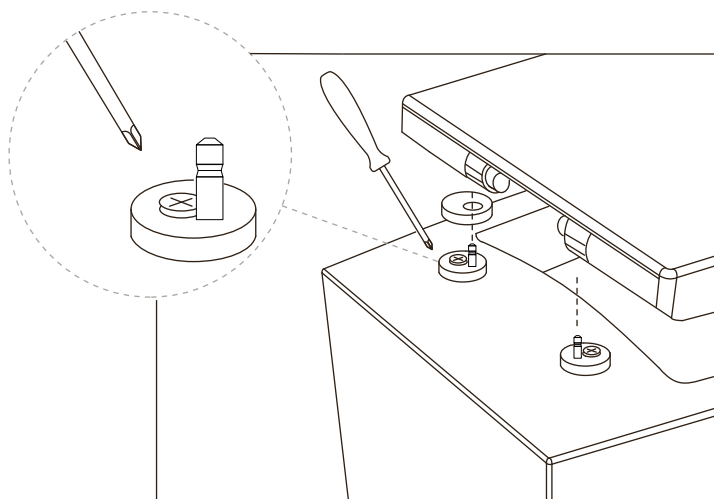

- 2 Una volta inseriti i perni nei fori del vaso tirare appena la vite senza serrarla definitivamente.
- 2 Once the pins are inserted in the holes of the WC, just tighten the screw without tightening it definitively.

- 3 Infilare le cerniere nei perni ed allineare il copriwater al profilo del vaso.

- 3 Insert the hinges into the pins and align correctly the seat cover with the profile of the WC.

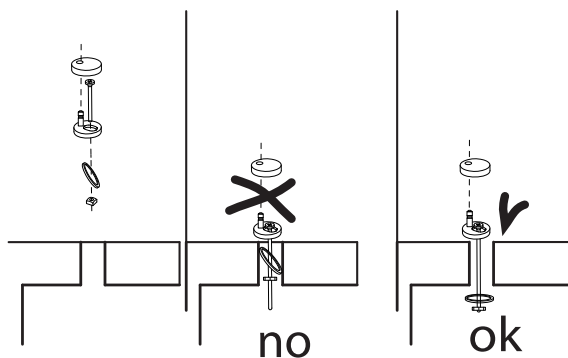

- 4 Togliere delicatamente senza spostare i perni, ed infine bloccare con un cacciavite i perni sulla ceramica.

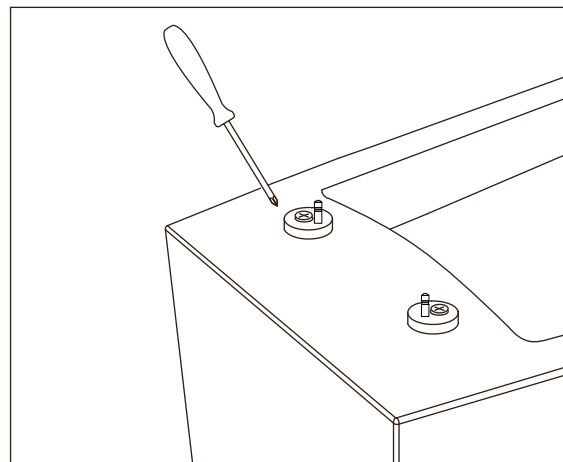

- 4 Gently remove the seat cover without moving the pins, and finally secure the pins on the ceramic with a screwdriver and mount definitively the seat cover.
