Product code

9898-041	Heating cables with thermostat L940x400 mm
9898-042	Heating cables with thermostat L1100x400 mm

Directive

The product complies with the directive EN60335 (2014/35/EU)

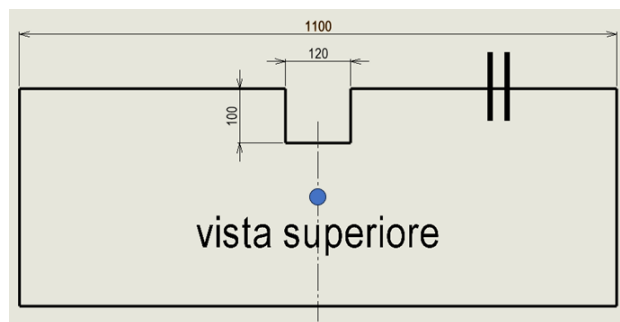

Description

Heating cables heat sealed between two aluminium foils.

Thanks to its particular structure, it can operate immersed or in environments with high humidity.

Produced with an adhesive backing for easy application and equipped with thermostat.

Position of the thermostat:

Characteristics

Supply voltage: from 5V to 400V

Power: from 5W/m to 80W/m

External dimensions: 9898-041 : 940 x 400 mm / 9898-042 : 1100 x 400 mm

Maximum operating temperature : according to table

Available certification: EC

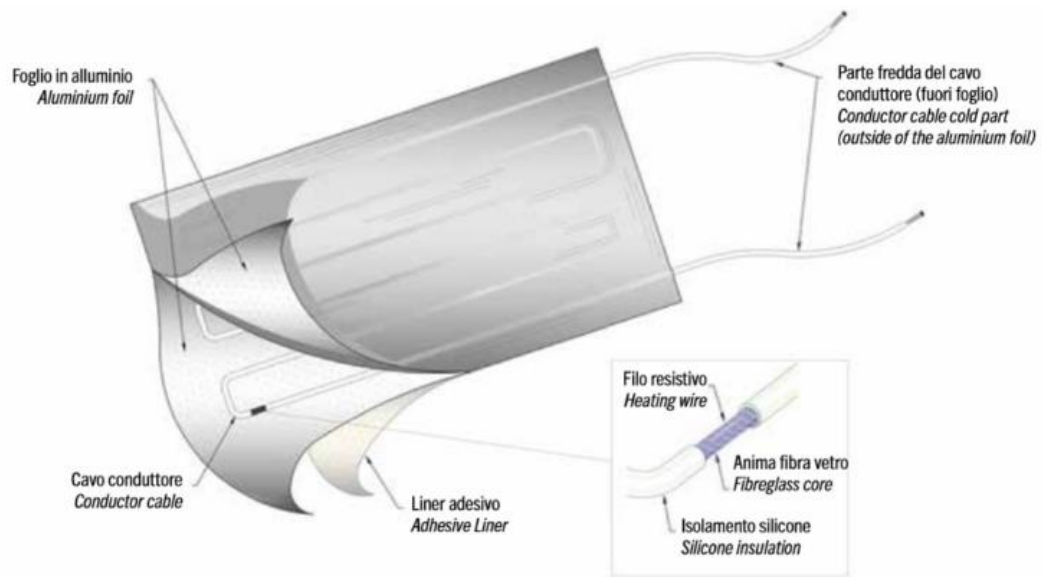

Produced and tested according to the EN60335 standard.

Compliance with the 2014/35/EU directive

Thermostat operating range: ± 3 degC/ ± 13 degC

Heating cable wattage: 320 W (50W/m) for both models

Isolamenti disponibili – Available insulations
