ES EN FR DE RU PT PL CZ

- 
- Antes de instalar, asegúrese de leer este manual de instalación. Las piezas deben ser instaladas de acuerdo a las instrucciones.

## **ES**

- Se recomienda instalar un reductor de presión en la toma de agua dedicada al aparato cuando la presión de la red hídrica excede los 6 bar.
  - No utilizar otra manguera de suministro de agua distinta a la que se incluye con el producto.
- 

- Before installation, read thoroughly this installation manual. All parts must be installed according to the instructions.

## **EN**

- It is recommended to install a pressure reducer on the water inlet dedicated to the device when the water network pressure exceeds 6 bars.
  - Do not use a water hose other than the one provided with this product.
- 

- Avant l'installation, lire attentivement ce manuel d'installation. Les éléments doivent être installés selon ces instructions.

## **FR**

- Il est recommandé d'installer un réducteur de pression sur l'arrivée d'eau dédiée à l'appareil lorsque la pression du réseau d'eau dépasse 6 bars.
  - Ne pas utiliser un autre flexible que celui fournit avec le produit.
-
